

# **Cherokee County Health Clinic**

#### **Executive Summary**

Summarizes the Site, Parking, Facility Size, Staff and Contract Health Dollars necessary for the Service Delivery Plan in 2015. Identifies the Direct Care Services Offered to include highlighting any new services. Identifies the communities and population served for each service.

The second page of the Executive Summary documents the priority resource issues as identified through the Master Planning process.

#### **Historical Utilization by Location of Encounter**

Documents 3 years of RPMS and contract care workloads provided at the facility predominantly serving the Primary Care Service Area by product line and specialty.

#### **Historical Utilization by Community of residence**

Documents 3 years of RPMS and contract care workloads provided to the user population of the Service Delivery Area by product line and specialty.

#### **Market Assessment**

Compares the Historical Workload to the Health System Planning software and to national averages of patient care utilization, projecting future workloads based upon the worst case of these three planning scenarios. Also documents the percentage of care that will require contracting due to acuity and the quantity of care that can potentially be served by the direct care system.

#### **Service Delivery Plan**

Recommended service delivery plan by product line based upon projected workload, key characteristics, patient classification and tribal and IHS input.

#### **Resource Allocation**

Quantifies the necessary space and key characteristics for the Service Delivery Plan and compares them against existing resources. Also tabulates necessary contract health dollars based on the delivery plan.

THE INNOVA GROUP

### **Executive Summary**

### Cherokee County Health Clinic

### **Executive Summary**

#### **Service Area Description**

The Cherokee County Clinic Service Area, serving the Primary Care Service Area communities listed to the left, is located on the Cherokee Indian Reservation in the **Western** region of **North Carolina** 

As part of the Nashville Area, Cherokee County Clinic is a satellite of the **Cherokee Indian Hospital** Service Unit overseeing the **Cherokee Indian Hospital**, **Snowbird Clinic**, **and Cherokee County Health Clinic** Areas.

It sends most of its referral workload to Cherokee Indian Hospital. The closest alternative care options can be found in Cherokee, NC (Primary Care), Clyde, NC (Secondary Care), and **Asheville, NC** (Tertiary Care).

As noted in the Service Summary to the left, Cherokee County Clinic operates as a Health Station.

It provides a **limited** spectrum of outpatient health services.

	Services & Resourcing Priorities

Nuclear Medicine provides diagnostic nuclear medicine studies, interprets such studies, and performs therapeutic nuclear medicine treatment through the use of injectable or ingestible radioactive isotopes in conformance with licensure regulations. Functions and activities of the work center include, but are not limited to, performing clinical investigative studies, providing whole blood counting, evaluating patients suspected of being contaminated with gamma-emitting radio nuclides, consulting with patients and attending physicians, and maintaining radioactive waste disposal and storage of radioactive materials.
